9118 Brandywine Road
Clinton, MD 20735

The purpose of a State Board Retreat is to provide its members with the opportunity to evaluate the present state of crime victim practices and trends, and to enable them to prepare for future ones. The goal for State Board members at the Retreat will be to evaluate and discuss victims' rights and services which are succeeding or failing to benefit crime victims in Maryland. From this information an action plan will be developed which identifies crime victim related issues that may benefit from the guidance and assistance of State Board members over the next few years. The Retreat also will provide State board members with some time to get to know one another over the daylong event.
